Dear customer,

Our company is specialized in production, storage, packaging, processing and trading of natural honey from Kyrgyzstan.

«ALA – TOO HONEY» LLC offers pure, natural wildflower honey, which is distinguished as one of the best quality mountain honeys, of which is defining the unique geographical location of our country.

We are specialized in selecting only the finest honey, divide it by different types, make analysis of each quantity, to be able to provide exclusive and safe product to our customers. «ALA – TOO HONEY» LLC offers raw honey (directly from the beekeeper) and processed honey (homogenized and filtered honey). We have our own processing place and warehouse for storing bee products. The capacity of our factory is 3 tons of honey per day, offered in a wide range of packages: plastic buckets, bulks and a variety of consumer packages: different kinds of jars and hotel packages.

The types of honey we produce and select by seasonal flowering plant species: sainfoin honey, red clover honey, mountain honey, alpine honey, meadow honey, wildflower honey and others.

«ALA – TOO HONEY» LLC bee farms is located in extremely pure mountain area of Kyrgyzstan, rich of unique plant species, without any industrial production sites nearby.

All products can be produced under private brand (individual labels under own brand, CTM- private label). Under private label, we are a supplier of a number of companies from GCC countries.

«ALA – TOO HONEY» LLC exports its products for countries of Russia, France, Japan, Middle East, Asia, North Africa and others.
